Synopsis

Kyle Kingston (Alex Pettyfer) has it all - looks, intelligence, wealth and opportunity - and a wicked cruel streak. Prone to mocking and humiliating "aggressively unattractive" classmates, he zeroes in on classmate Kendra (Mary-Kate Olsen), inviting her to the school's extravagant environmental bash. Kendra accepts, and, true to form, Kyle blows her off in a particularly savage fashion. She retaliates by casting a spell that physically transforms him into everything he despises. Enraged by his horrible and unrecognizable appearance he confronts Kendra and learns that the only solution to the curse is to find someone that will love him as he is - a task he considers impossible.
